USC Viterbi salutes engineering for the social good

In conjunction with National Engineering Week, the school recognizes The Good-Doers — student engineers who are seeking technological solutions to problems.

USC Viterbi salutes engineering for the social good

The university is among just 16 U.S. institutions to be listed as producing the most Fulbright students and faculty. The eight scholars chosen from among the faculty place USC among the top five institutions.

Engineers try to get to the heart of true love

A leading online dating site recruits two USC data scientists to break down the hidden factors that result in long-lasting relationships. Read their story, and listen to a USC Viterbi podcast on how algorithms may predict love.
